

■ Book Library — User Guide & Quick Start

Welcome to your personal and household **Book Library**! Whether you have 20 books or 2,000, this app helps you catalog your physical collection, track what you are reading, lend books to friends without losing them, and decide what to read next.

1. Viewing & Exploring Your Library

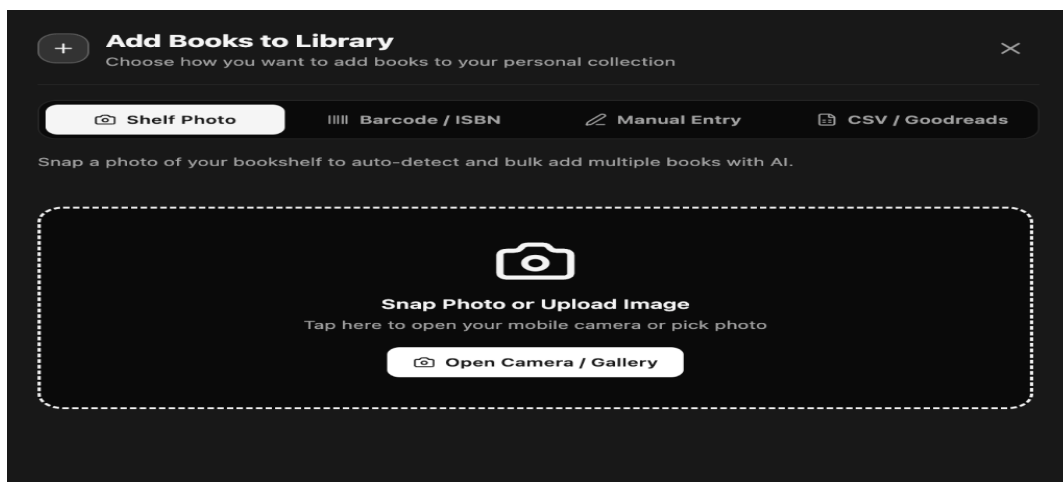

■ **Gallery View:** Displays books with cover art. Click the status badge on any card to update progress, or click the stars to rate.

■ **Table View:** Spreadsheet view for sorting by author, year, page count, or shelf.

■ **Shelves & Tags:** Shelves represent physical rooms (Living Room, Desk). Tags represent topics (Favorites, Sci-Fi).

2. Adding Books (4 Fast Ways)

■ **Method A: Shelf Photo Scanner** — Snap a photo of your bookshelf; AI reads book spines and metadata automatically.

■ **Method B: Barcode / ISBN Lookup** — Scan the back cover barcode with your camera or type the ISBN to auto-fill book details.

3. Tracking Your Reading Progress & Ratings

Mark books as ■ Unread, ■ Reading, ■ Finished, or ■ Abandoned directly on book cards with 1 tap.

4. Sharing with Family & Roommates (Household Library)

Invite family members using your 6-character Invite Code. Everyone shares the same physical library but keeps independent reading statuses and private ratings.

5. Lending Tracker — Never Lose a Book

Track who borrowed your book, due dates, and return status under the **Book Loans** tab.

6. Reading Goals & Personal Stats

Set yearly goals and monitor your live reading pace (Ahead of schedule / On track / Behind pace) on the **Stats & Goals** tab.

7. AI 'What to Read Next?' Assistant

Get instant book recommendations from your unread shelf tailored to your mood.

8. Public Shareable Profile

Enable your public shelf link (e.g. /share/your-name) to share your collection with friends.

9. Exporting Your Data

Download your entire collection as an Excel (.xlsx) or CSV file anytime from the Table View.

10. Changing Language

Switch seamlessly between  **English** and  **O'zbekcha** from the user menu.
